## LCL Export Dar Es Salaam Tax Identification Number

Dear Customers,

The Tanzania Revenue Authority (TRA), in collaboration with the Tanzania Ports Authority (TPA), has introduced a new customs system. As part of this system, it is mandatory for the consignee's TIN (Tax Identification Number) to be included, effective from arrival in Tanzania on or after February, 1st 2025.

Kindly ensure that, for all future shipments, the consignee's TIN number is provided in the consignee details section of the HBL.

If you have any questions, please contact your local SACO Shipping Team.
