## **Export LCL – Cuba** **Temporary Suspension of our LCL Service to Cuba**

Dear Customers,

due to the current economic situation and the resulting operational challenges in Cuba, we regret to inform you that we have to suspend our LCL service to Cuba until further notice.

In addition, several shipping lines have temporarily suspended or significantly reduced their services to Cuba. As a result, reliable and predictable transport capacity is currently no longer available.

We are closely monitoring the situation and will inform you as soon as service operations can be resumed.

Should you have any questions, please do not hesitate to contact your local SACO Shipping team.
